**FROM THE CAREER CENTRE:** Please contact Mrs. Hill in the Career Centre for questions about any of the following information.

All Grade 12's will have the opportunity to participate in the final workshop for "LifeAfterHighSchool" on May 24 and 25. The third workshop introduces students to the site for applying for government financial aid. Most students receive grants or loans to attend college or university. This is to equip all students with some knowledge of what is a complicated system before leaving high school, even if they choose not to use it for next year. Many will have recourse to apply in later years. It also encourages attendance from those who might not immediately see the relevance but could well benefit from understanding more about financial aid. Please watch for more information that will be arriving by mail the first week of May.
